

Components in all types of manufacturing

HIGH TECH GASKETS, INSULATING and FILTRATION MATERIALS

Allstate specializes in producing custom laminated shielding products in answer to specific requirements. Whether hand-fabrication or automated production is required, Allstate provides quality, cost-effective products and fast turnaround.

- EMI / RFI Shielding
- Custom Laminating
- A Wide Range of Insulating Substrates
- Flame-Rated Materials
- Electrostatic Dissipative (ESD) Materials
- Microcellular Urethanes / Filter Foams
- MIL-Spec Materials
- Filtration Materials
- Woven Wire Cloths
- Expanded Metal Foil Screening

**FLUIDS • GASES • CHEMICALS • THERMAL • ACOUSTICAL • EMI RFI
FABRICATION • DIE-CUTTING • CUSTOM LAMINATES • CUT BULK MATERIAL
Prototyping • Low Minimum Order • High Production Capacities**

**Mylar® • Lexan® • Formex® • Gortex® • Statex® • Nomex® • Valox® • Kapton®
Urethanes, Fluorosilicone, Rubber, PCB, PVC, Teflon®**

**LAMINATES • DIE CUTTING • EXTRUSIONS / PROFILES • CORRUGATED MATTING
CUTTING • STRIPPING / SLITTING • SHEET & ROLL MATERIAL**
